#### Prophet Hud AS & the people of Ad

- The people of Ad were from the children of Iram who was one of the grandsons of Nuh AS.
- They were very rich with lots of children and gardens. They also had many cattle.
- Having more than others do, they became arrogant and thought no one can be stronger than they can be.
- They began hurting the weak and taking what they had.
- They began worshipping idols and forgot the story of Nuh AS and his people.
- Allah sent Hud AS from amongst them to guide them to the right path.
- A drought came upon them for 3 years. Then black clouds came giving them hope.
- Then a strong wind blew for 8 days and 7 nights.
- It lifted the tall people of Ad and threw them down.

The people of **Ad** lived in the hills between Yemen and Oman

#### Prophet Saleh AS & the people of Thamud

- The people of Thamud could make houses from mountains with their hands!
- They worshipped idols like the people of Ad.
- Like Ad, they were blessed in many different ways.
- They did not appreciate these things and disobeyed Allah SWT.
- Allah sent Saleh AS from amongst them to guide them to the right path.
- However, the people threatened to kill him if he did not stop telling them.
- They asked for proof that he was a messenger.
- They asked him to bring a she-camel out from the mountain.
- Nevertheless, when they had proof, they still did not believe and planned to kill the she-camel.
- Saleh AS warned them a punishment would come after 3 days.
- Instead of listening, they planned to kill Saleh AS.
- Nine people gathered to kill him but Allah sent his punishment before they could hurt him.
- They heard a loud noise, followed by a rumbling sound.
- Then the earth began to shake and they were all killed.

The people **Thamud** lived in Hijr in Arabia.
