

Maths : Year 1: We will look at place value, addition and subtraction. Children will learn to use the inequality symbols when comparing numbers. We will learn to recognise 2d and 3d shapes.

Year 2: We will look at place value, addition, and subtraction. Children will recognise tens and ones. They will

Computing: In computing we will be looking at what is a computer. We will explore exactly what a computer is by identifying and learning how inputs and outputs work, how computers are used in the wider world and designing our own computerised invention.

PHSE:

In PSHE we will be looking at relationships and friendships. We will look at the qualities of a good friendship.

P.E: Children will be learning new skills in expressive movements. We will link it to the seasons.

English: This term we will be looking at a range of non fiction texts..

We will be looking at information texts and writing our own fact files on a famous explorer. We will also be learning how to write a letter, based on our own adventures.

Our guided reading will focus on the book, The Great Explorer by Chris Judge

learn about 2d and 3d shapes.

Elm Autumn 2

Topic: This term in our history topic we will be looking at significant explorers. We will look at what makes a person significant.

We will look at the adventures of Ibn Battuta, Neil Amstron, Matthew Henson and Felicity Aston.

Science:

Year 1 - children will be learning about animals and how to identify different animals and the groups they belong to.

Year 2 - children will be looking at living habitats. We will look at how animals can adapt to their habitats.

Art/DT

In DT this term we will be looking at making playgrounds and playground equipment. Children will learn the skills of joining and strengthening materials. They will also learn to design their own equipment.
