

Maths:

Year 1: We will look at multiplication and division, fractions, place value, money, time and position and direction.

Year 2: We will look at fractions, time, statistics and position and direction. All children will also be practicing their 2,5,10 and 3 times tables.

English: This term we will be looking at how to write a book review. We will be reading the books, The leaf thief and the flower thief. The books explore the seasons which link to our science topic. We will look at the characters and whether we would recommend this book or not. We will also be looking and writing our own riddles.

Computing: We will be looking at bee bots and the programme scratch. We will learn how to programme the bee bots and coding.

Elm Summer 1

Science:

Year 1 - children will be looking at the different seasons and the weather. We will look at what happens when the season changes.

Year 2 - Children will be looking at super scientists and inventors- from gravity to germs!

Art/DT

Our DT topic this term will be all about Fabric bunting. We will design and sew our own bunting. Children will learn how to do the running stitch.

PHSE:

In PSHE we will be looking at living in the wider world. What are our responsibilities?

P.E: Children will be learning skills needed to play bat and ball games. We will be looking at the different skills needed to play these games.

Topic: This term our geography topic will be about the UK and beyond. We will learn about the continents and oceans. We will be learning about the countries that make up the UK and where Europe is on a map. We will look at some of the countries in Europe and its features.
