

Maths : Year 1: We will look at multiplication and position and direction, place value within 100, money and time.

Year 2: We will look at fractions, time, statistics and position and direction. All children will also be practicing their 2,5,10 and 3 times tables.

Computing: We will be looking at bee bots and the programme scratch. We will learn how to programme the bee bots and coding

PHSE:

In PSHE we will be looking at living in the wider world. We will learn about where money comes from and how to save and keep it safe. We will learn about the different jobs that people do.

P.E. Children will be learning different ways of travelling and different types of jumps. They will learn to travel at different speeds and move in different directions.

English: This term we will be looking at adventure stories and letters. Children will look at the vocabulary and the features in an adventure story. We will then go on to write our own adventure stories. We will write letters as Florence Nightingale, describing the things she did and saw during the Crimean war.

Science:

Year 1 - children will be looking at the different seasons and the weather. We will look at what happens when the season changes.

Year 2 - Children will be looking at super scientists and inventors- from gravity to germs!

Elm Summer 2

Topic: This term in our history topic we will be learning about nurturing nurses. We will be learning about Florence Nightingale and Mary Seacole and the work they carried out.

Art/DT: In art we will be making birds. Children will continue to develop their understanding of sculpture and build their making skills. We will explore how we can manipulate their drawings in an intuitive way to make 3d forms. Children explore balance to finally created an individual bird.
