

It just takes a little of your time!

Respect everyone, you can let friendships grow,
Respect is the best thing we should know.

Respect will always be right,
For everyone in sight,
When you show it, your world will be bright?

We should always be polite,
Whether or not it's day or night.

Don't let yourself be carried away,
Don't let it led you astray.

Even some words that are unknown,
Can change lives of their own.
